

COMPANY PROFILE

PREVENTION AND PROTECTION

Magnetic Security & Consultancy Limited
Nairobi, Kenya | Established 2013

ABOUT MAGNETIC SECURITY

Magnetic Security is a private security provider, registered and licensed to operate in the Republic of Kenya. The company was established in 2013 to bridge the gap in the security sector with tailored security solutions at competitive rates.

Our team of dedicated, trained personnel provides responsive service. We customise our services to fit each client's needs. Our success lies in the selection and training of our staff, our partners and equipment, and in developing long-term relationships with clients.

VISION

Prevention and protection with a security solution partner.

MISSION

To provide comprehensive security solutions that are dependable, efficient and effective, through a relentless pursuit of excellence.

VALUES

Diligence, client retention, teamwork, expertise and professionalism.

OUR SERVICES

Manned security

Specialised manned guarding, front-office security officers, tally officers, CCTV controllers, event security, security project managers, private investigations, background checks, fraud detection and prevention, digital lock tracking.

Specialised services

VIP and close protection, covert officers, risk management, backup and escorts (armed or unarmed, where lawful), specialised security training and technology solutions, crowd control management, logistics management.

K-9 services

Dog patrols, explosive detection dogs, narcotics detection. Dogs are bred and trained by our dog section.

Technology security solutions

Alarm installations and response, CCTV monitoring, perimeter protection, intelligent dashboard cameras, biometric installation, smoke detectors, fire equipment, night vision equipment.

HOW OUR OFFICERS ARE RECRUITED AND TRAINED

Recruitment includes physical and medical fitness tests, oral and written interviews, document verification and background checks, followed by a two-week background vetting period. Officers complete a two-week basic guarding course (including first aid, firefighting techniques, patrolling, report writing and customer care), then two weeks of customised, client-specific training covering site procedures, access control, and emergency and evacuation arrangements.

SECTORS AND CONTACT

SECTORS WE SERVE

Hospitality, insurance, banking and financial, retail, residential properties, NGOs and diplomatic missions, commercial buildings, distribution, warehousing and industrial, learning institutions, construction, telecommunications, freight, automobile, religious institutions, ports and maritime, aviation, and government institutions.

Listing a sector does not imply that every service is available at every location. Availability is confirmed in each proposal.
